

# KILL 99.9% OF BACTERIA IN YOUR WATER.

**NEW MODEL!**

NOW WITH TRIPLE FILTRATION.

Triple filtration with UV protection for the whole house.

# INTRODUCING THE NEW **HYBRID G TRIPLE SERIES**. TRIPLE STAGE FILTRATION WITH UV PROTECTION.

4 mounting points for quick and easy installation.

Smart control panel that monitors the lamp life, failure alarm (audible & visible) and total running days of the Radfire™ UV unit.

Maintenance is simple and can be completed in minutes - without tools. It's as easy as replacing the UV lamp once a year and periodically cleaning the sleeve.

Retainer cap enables effortless lamp replacement. No tools are required.

Quick and easy plug-and-play installation.

The durable lightweight mounting bracket is made from coated aluminium to ensure no rusting.

Radfire's unique water chamber optimises hydraulic performance and increases disinfection efficiency. Chamber and hardware are stainless steel for dependable long life.

Ultraviolet Protection  
Kills 99.9% of bacteria with Radfire™ ultraviolet technology, a natural purification process that's completely eco-friendly and chemical-free.

#### Coarse Sediment Filtration

A washable sediment filter that removes coarse dirt, sand and particulates down to 5 micron.

#### Taste and Odour Removal

Reduces taste, odour and chemicals.

#### Fine Sediment Filtration

Removes fine sediments and particulate to 1 micron.

## Features and Benefits

- Incorporates triple filtration for extra contaminant removal and capacity.
- Quick and easy plug-and-play installation.
- Turns your tank and mains water into pure, safe, delicious drinking water.
- Kills 99.9% of bacteria with Radfire™ ultraviolet technology.
- Heavy duty stainless steel construction is durable and low maintenance.
- Weather protection.
- Lamp count-down timer and failure alarm.
- Anti-tamper & childproof lockable lid.
- Hinged lid for easy access for lamp change.
- Double O-ring filter housings.

# ENJOY SAFE, PURIFIED WATER AT EVERY OUTLET IN THE HOUSE.

Provides safe and purified water at every tap. Designed for both mains and rainwater supply, this system is highly effective in eliminating 99.9% of bacteria in your water. The Hybrid Series also reduces bad taste, odour, chemicals and sediment giving good general purpose filtration.

## The Hybrid Kills 99.9% of Bacteria

Thanks to its advanced UV technology – called Radfire™ – the Hybrid kills 99.9% of tank water bacteria. Nothing else even comes close. Radfire™ is a natural water purification process, that's ecofriendly and completely chemical free. So you get safe, purified water at every outlet in the house.

## It Filters Your Water Too

As its name suggests, the Hybrid combines two technologies to clean your water. In addition to killing 99.9% of bacteria with UV rays, it filters out chemicals, as well as sediment and anything else that manages to pass through your rainwater tank's coarser filter. This not only makes your water taste and smell great, but also prolongs the life of your household appliances.

Available Models:

### 10" HYBRID-G12

### 20" HYBRID-G13

### Weather Protection & Anti-Corrosion Construction

The Hybrid G Series incorporates a weather cover for outdoor installations. The durable lightweight mounting bracket is made from coated aluminium to ensure no rusting.
